III. CERTIFICATIONS

GENERATOR: I hereby certify that the items described in this summary and attached inventories are not radioactive, pathogenic or infectious and do not contain 2,3,7,8-tetrachloro-p-dibenzodioxin (dioxin) or dibenzofurans. I further certify that all information submitted in this and all attached documents is complete and accurate, and that all known or suspected hazards have been disclosed. I understand that I am responsible for the representation of every container of waste material and that any misrepresented, unidentified, off-specification or unapproved containers may result in drum rejection, additional charges being assessed and/or materials being returned to generator.

WEEKLY HAZARDOUS WASTE CONTAINERS INSPECTION CHECKLIST
WAREHOUSE ACCUMULATION POINT

DATE: <u>8/2/13</u>				
INSPECTED BY: <u>GR</u>				
	item	YES	NO	COMMENTS/CORRECTIVE ACTIONS TAKEN
	HAZARDOUS WASTE CONTAINERS			
A	Are any containers open or have loose lids/bungs?		✓	<i>Few drums without labels and a few without dates corrected the problem (GR)</i>
B	Are any containers severely rusted?		✓	
C	Are any containers leaking?		✓	
	if answer to items A, B or C is YES, write comments and corrective action taken			
D	Is accumulation start date marked on containers?	✓		
E	Are containers marked "HAZARDOUS WASTE"?	✓		
F	Are labels readable from the inspection aisle?	✓		
G	Is there sufficient area to walk around and inspect all drums?	✓		
	if answer to items D, E, F, or G is NO, write comments and corrective action taken			
	ACCUMULATION POINT			
H	Are all hazardous waste containers on a containment pallet?	✓		
I	Is adequate aisle space present to allow unobstructed movement for emergency response?	✓		
	if answer to items H or I is NO, write comments and corrective action taken			
	EMERGENCY RESPONSE			
J	is an empty salvage drum nearby?	✓		
K	is spill absorbent material nearby?	✓		
L	is a fire extinguisher readily accessible?	✓		
M	is the fire extinguisher fully charged?	✓		
N	is the fire extinguisher seal in tact?	✓		
	if answer to items J, K, L, M or N is NO, write comments and corrective action taken			
	General Warehouse			
O	Inspect all Warehouse locations. Is there hazardous waste drums stored outside of Warehouse accumulation point?		✓	
	if answer to item O is YES, write comments and corrective action taken

DATE: May 6th, 2013
TO: Battalion Chief Charles Hopkins
SUBJECT: Norquay Technology Chester Fire Department Visit Follow-up

I would like to thank you and your shifts for recently visiting our facility. During the four visits there were a couple of items that were brought up by different shifts and I wanted to compile them for you and let you know how we would address them.

They are as follows:

1. Fire panel legend – Norquay has affixed site plans next to the fire panel to inform the fire department of which alarm is going off in the facility.
2. Fire Panel Silence Code – Norquay will install a box at the location of the fire that will contain the code to silence the fire alarm system. This box will also contain critical contact information for Norquay.
3. Sprinkler Riser Notification Signs – A person on one of the shifts had requested better signage for the location of the sprinkler risers. Norquay will purchase signs designating directions to the sprinkler risers for the building.
4. Exterior Notification Light – It was mentioned that in the past that buildings alarming at 800 West Front Street Complex are not easily identified. Norquay will look to install a light on the exterior, which in the event of an alarm at Norquay; will make it easy to determine if our building alarm is going off or not.

If there were any other items of concern please let me know so we may address them.

Sincerely

James Hogate

Project Engineer

Norquay Technology
